Enclosed is an administrative change to the San Juan National Forest Land and Resource Management Plan (Forest Plan). The enclosed change is identified as Administrative Change 6.

An administrative change, as defined at 36 CFR 219.13(c), is any change to a plan that is not a plan amendment or plan revision. Administrative changes include corrections of clerical errors to any part of the plan, conformance of the plan to new statutory or regulatory requirements, or changes to other content in the plan. Administrative changes do not require the preparation of an environmental document under Forest Service National Environmental Policy Act procedures and changes other than substantive changes to the monitoring plan may be made at any time after public notice.

I find that the enclosed correction meets the definition of an administrative change. It is accepted as a correction to the Forest Plan as of the date that this letter and enclosures are posted to the San Juan National Forest website at:
